WHERE GOLD IS HANDLED BY THE TON.

SEATTLE'S ASSAY OFFICE IN
THE GREATEST RUSH
OF ITS LIFE.

Arrivals of Treasure in the Months
of July and August Exceeded
Ten Millions of
Dollars.

(From the Seattle Times.)

No place in Seattle presents a busier scene today than Uncle Sam's assay office on the hill, the occasion being the weighing in and receipting for the gold brought down from the North yesterday on the Roanoke and other vessels. Already over \$2,000,000 of the ten tons arriving yesterday have been taken in at the assay office and receipted for. Among the largest depositors at the office yesterday and today are George Carmack, the Canadian-American bank, the N. A. T. company, the latter having \$300,000; the Bank of British North America, represented here by Dexter Horton & Company, with \$200,000, and the Canadian Bank of Commerce, with \$1,000,000.

Through the courtesy of Government Assayer F. A. Wing a reporter for the Times was permitted to take a look through the vaults and weighing and melting departments of the office this morning, during which time he noted a small once truck, with a platform some 1800 inches in size, covered several inches deep with large gold bricks and buckskin sacks of dust awaiting the convenience of the weighers-in. This truck load was the property of the Bank of British North America, in charge of one of the representatives of Dexter Horton & Company's bank, there being a trifle over \$500,000 in the pile.

During the eleven and one-half months of the Seattle assay office's existence in 1898 the receipts in gold amounted to approximately \$6,500,000; during July of this year the receipts were \$6,394,000, or within approximately \$100,000 of the entire eleven and one-half months of 1898.

Since June 30, this year, the receipts aggregate twenty-six and one-fourth tons of gold, or \$10,500,000 in value. This includes yesterday's receipts of five tons, or about \$2,000,000.

The greatest amount received in any one month was in July of this year, the figures being \$6,394,000, or 15.98 tons. The greatest previous month was July of last year, when the receipts reached \$4,254,000, or a trifle over ten and one-half tons. During the fiscal year ending June 30, 1900, the receipts at the assay office aggregated \$15,800,000. By referring to figures above it will be seen that already, since June 30, this year, the receipts are over 77 per cent of the entire twelve months' receipts for the fiscal year ending June 30, 1900.

Already, during the eighteen days of August, the receipts amount to \$4,108,000, or over ten tons. The total receipts of the office up to date since it was installed aggregate over \$17,000,000, or forty-two and one-half tons.

The gold, as received, with black sand and other dirt, is negotiable at the banks at \$16 per ounce.

The government assay office gives an official numbered receipt for all gold received and this receipt is negotiable at any of Seattle's banks. Afterwards the gold is melted up, tested and its true value ascertained, which value is credited to the depositor, against his numbered receipt, and the amount so ascertained paid to depositor's order on demand. Great care is taken to get every particle of value from the melting pots, even the slag, or fluxes, being ground up and washed in a miner's gold pan, the particles so rescued going to the depositors' credit.

**Transvaal Is Now Part
Of the British Empire.**

Lord Roberts Announces Issuance
of Proclamations Including it In
the Queen's Dominions.

LONDON, Sept. 3.—Under date of Belfast, September 2, Lord Roberts reports:

"I have today issued, under her majesty's warrant of July 4, proclamations announcing that the Transvaal will henceforth form a part of her majesty's dominions."

A dispatch from Cape Town says that the communication to the assembly of Lord Roberts' proclamation announcing the annexation of the South African republic, to be hereafter known as the Transvaal, was greeted by the opposition with silence and by the ministerialists with prolonged cheering.

From Maseru, Basutoland, comes a report that commandoes under Fourrell, Grobelaar, Bemmmer and Hasselbroek, together with 200 of Theron's scouts, are investing the British garrison at Ladybrand. It is rumored that the troops have already burned their stores and it is feared that they will be compelled to surrender. General Hunter is hastening to their relief.

General Baden-Powell started from Pretoria for Cape Town Saturday.

**New Outbreak in the
Southern Islands.**

Philippines Defeated With a Loss of
One Hundred and Twenty
Killed.

WASHINGTON, Sept. 3.—The war department today received the following dispatch from General MacArthur:

"MANILA, Sept. 3.—Adjutant General: General Hughes reports outbreaks in Bohol. First Lieutenant Lovak, Forty-fourth volunteers, reports engagement near Carmen, Bohol. Our loss in killed, one; wounded, six. Enemy's loss in killed, 120. Have not received further details."

Bohol is an island in the southern part of the archipelago, 265 miles from Manila. It lies north of the large island of Mindanao and is not far from Cebu.

Channel Wharf Road To Be Condemned.

Demands of the Bishop Estate Are
Considered Exorbitant—New
Fire Station at Palama.

Part of the Bishop estate property lying between Ala Moana and the Channel wharf will be condemned. It was so decided at a meeting of the executive council yesterday. The demands of the estate were so exorbitant that the executive directed Attorney General Dole to proceed in condemning the property.

Superintendent McCandless submitted plans for the new fire station which is to be erected at Palama. They were favorably received by the council. Mr. McCandless also spoke at some length concerning his late trip to Hawaii and suggested that several improvements be made on that island.

Mr. Brown spoke of the condition of a man who had lived up to the terms of a special rights lease but had never received a patent from Washington, and wished to know if that person could bid upon a second right of purchase lease. It was the opinion that he could.

S. K. Ka-ne asked the government to put up at public auction a piece of land and a fish pond in Waikiki, Ewa, to go to the highest bidder. The executive thought as there was no special use of the property it could be put up at a reasonable upset figure.

Harold M. Sewall applied for an additional piece of land adjoining his place at Waikiki. No action was taken but the property will probably be put up at auction later on.

RUSS FOR TEXT BOOKS.

Board Expects It To Reach One
Thousand Dollars.

Now that school has begun there comes the usual rush for text books. Up to Tuesday \$110 worth of books had been sold. It is expected that the sales will run close to \$1,000 in the next two or three weeks. As usual there is an excess of male pupils, although it is thought that there is a larger attendance of girls this year than last. The sessions will be from 9 a. m. till 2 p. m., as usual, with two recesses. In some of the schools the recesses and time for lunch will be changed to suit the convenience of the teachers. Much interest is attached to the night schools, for this is the first year that the attempt to conduct branches over the city has been made. The attendance at all of the schools was fair, but it is expected that larger enrollments will be secured during the week. A meeting of the commission will probably be held.

Cuts and Bruises Quickly Healed.

Chamberlain's Pain Balm applied to a cut, bruise, burn, scald or like injury will instantly allay the pain and will heal the parts in less time than any other treatment. Unless the injury is very severe it will not leave a scar. Pain Balm also cures rheumatism, sprains, swellings and lacerations. For sale by all dealers and druggists. He Owes His Life to the Forethought
of a Companion.

While on a camping trip in Webster county, Mr. S. I. Stump of Norman-town, W. Va., had a severe attack of bloody flux. He says: "I firmly believe that I owe my life to the forethought of one of the company who had taken along a bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy." Moral—Procure a bottle of this remedy before leaving home. If it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the care or steamship and at such times and places it is most likely to be needed. The safe way is to have it with you. Thousands of travelers never leave home on a journey without it. For sale by all dealers and druggists. Benson, Smith & Co., general agents Territory of Hawaii.

NEWS OF THE TOWN.

Dr. A. E. Nichols is expected back in the Australia.

Mrs. Wm. Haywood and children will return in the China today. The Haywoods will reside in the Berger place on Beretania street.

A man named Duncan was locked up last night. He had been drinking and had had a fight with his wife and father. He was arrested at Moliili.

The police have as yet run across nothing that leads to the implication of the party or parties who robbed Chilton's barber shop or Dietz's jewelry shop.

Judge Wilcox will sail the Hawaii in the races on Saturday.

The police know nothing of an attempt to burn Amana's house on School street on Sunday evening. Had the attempt been made it would have undoubtedly been reported at the police station.

THE DOWSETT ESTATE.

J. M. Monsarrat Files Accounts As
Guardian for Heirs.

The first account of J. M. Monsarrat, guardian of Genevieve Dowsett, has been filed. Mr. Monsarrat charges himself with \$1,500.33 and asks to be allowed \$1,565.73, leaving a balance of \$65.40.

J. M. Monsarrat, as guardian of the person and property of Genevieve Dowsett and Marion C. Dowsett, has filed an inventory of the property belonging to each of the girls. They have interests in many valuable pieces of real estate. Each have 750 shares of the capital stock of the Dowsett Co., Ltd., of the par value of \$100 each and 100 first mortgage bonds of the Dowsett Co., Ltd., of the par value of \$1,000 each, bearing interest at the rate of three per cent per annum.
